Subject : report NEN 4400-2:2008

Dear Mrs Francekova,

Within Lugera & Makler Temps s.r.o. , an inspection was performed for the fulfilment of the requirements of the NEN 4400-2:2008 standard. An inspection comprises a preliminary investigation, onsite investigation(s), assessments and conclusion, administrative processing and activities in the scope of the acquisition or retention of your certification and listing in the Register Normering Arbeid (Labour Standards Register, see www.normeringarbeid.nl). An inspection report is compiled based on this inspection, which you will find appended to this letter.

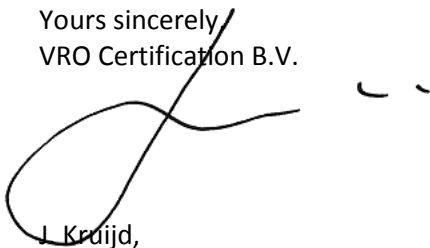

Conclusion

At the inspection performed, no non-conformity was found. Consequently, Lugera & Makler Temps s.r.o. fulfils the requirements stipulated in the NEN 4400-2:2008 standard. We will inform the Stichting Normering Arbeid (Labour Standards Foundation) (SNA) about this **positive judgement**.

Based on this result and the applicable inspection frequency (see section 6.2), the next inspection will occur in six months after this inspection (around 12-02-2015). We will contact you in advance.

We trust that we have informed you sufficiently.

Yours sincerely
VRO Certification B.V.

J. Kruijd,
Director
